

Private School

"I can't say enough about Grace! When you have a child who is struggling, you can be confident that their teachers are praying for them and truly care for them. You don't get that in many other academic environments."
Parent

Grace Brethren High School California

Grace Brethren High School is a private coeducational day school in Simi Valley, California, serving grades 9-12 with a college-preparatory curriculum. The school is known for its strong STEM focus, nationally ranked robotics program, and balanced offerings in arts and athletics.

Academic Excellence

Grace Brethren High School offers a rigorous college-preparatory curriculum that includes **Advanced Placement coursework** across core academic subjects. Faculty members, many of whom hold advanced degrees, emphasize critical thinking, analytical writing, and real-world application of knowledge. The academic program is complemented by specialized pathways such as the Engineering study track, allowing students to explore STEM disciplines in greater depth. Instruction is designed to prepare students for selective universities while supporting individual academic growth and long-term learning skills.

Student Accomplishments

- Robotics team ranked #1 in California and #20 globally
- Multiple league championships across athletic programs
- Graduates accepted to competitive universities nationwide

Campus Facilities

The 13-acre campus features **modern classrooms, advanced science laboratories, and technology-equipped learning spaces** that support academic instruction and research. Athletic facilities accommodate a wide range of sports, while dedicated arts spaces support creative coursework and performance. The campus environment allows students to move easily between academics, extracurricular activities, and collaborative projects in a structured suburban setting.

Athletics and Arts

Athletics are an important part of student life, with teams competing at consistently high levels in regional leagues. Programs emphasize teamwork, discipline, and balance with academics, offering students opportunities to grow through competitive sports.

The arts program supports both creative exploration and technical skill development. Students engage in visual arts, film, media, and performance-based courses that encourage expression and project-based learning alongside academic study.

Highlights

Climate in Simi Valley

Mediterranean climate with warm, dry summers and mild, wetter winters, allowing for year-round outdoor activities and athletics.

"I really appreciate how all the teachers were there for us and are always there to talk and push us in our faith if that's what we wanted. I loved the experience I had at Grace with my teachers, classmates and all the sports I participated in."

Student

"The teachers at Grace are just cool hanging out with us on their lunch breaks. I like that. It truly helped me to love academics and for that, I want to say thank you."
