## CAVAN

Cavan is a large county in the north of Ireland which is home to beautiful scenery and charming villages. With several stunning lakes scattered around the countryside, it is also a wonderful place to take advantage of water based activities such as fishing. Situated just a 90-minute coach journey from Dublin city centre, Cavan is the perfect placement area for students who want an authentic small-town Irish experience, whilst still having easy access to the bustling capital city for

weekend day trips. The county is also ideally situated just a short distance from the Irish border so students can also venture to Belfast, the capital of Northern Ireland, to take in a wealth of arts and culture and even visit the world-famous Titanic Museum. As one of Educatus' most established placement areas in Ireland, students who choose Cavan will settle into a sociable and safe community of local people who love welcoming international students to the area.
