## Academic Excellence

Foxcroft Academy offers a broad and flexible academic program built around proficiency-based learning. Students may choose from college preparatory, Honors, Advanced Placement, and International Baccalaureate courses, including the full IB Diploma Programme. AP offerings include advanced mathematics, sciences, and economics, while early college options allow qualified juniors and seniors to take college-level courses through partner institutions. Faculty members emphasize critical thinking, communication, and independent learning, supported by academic advising and portfolio-based graduation requirements. Graduates are well prepared for a range of postsecondary pathways, from selective universities to specialized professional programs.

## Student Accomplishments

- Students earn qualifying scores on AP and IB examinations each year
- Graduates complete community service and academic portfolios as part of diploma requirements
- Alumni are accepted to a wide range of four-year universities and colleges.

## Stats

## Campus Facilities

The Foxcroft Academy campus provides dedicated academic, science, arts, and technology learning spaces alongside athletic and wellness facilities. Students benefit from science laboratories, engineering and robotics classrooms, visual and performing arts studios, and music rehearsal areas. Outdoor spaces and nearby natural surroundings support athletics, recreation, and experiential learning. Campus resources are designed to support both day and boarding students throughout the academic year.

## Residential Life

Boarding students live in supervised residence halls with shared rooms and common study areas. Residential staff provide academic oversight, daily structure, and student support. Dining services offer regular meals on campus, and shared lounges encourage social interaction among students from the U.S. and around the world. Boarding life is integrated with academics, activities, and weekend programs.

## Athletics and Arts

Athletics emphasize participation, personal development, and competitive team play. Students compete in regional leagues while balancing academics and extracurricular involvement.

The arts program offers extensive opportunities in visual arts, music, theater, and digital media. Students may pursue studio art, performance, and IB visual arts pathways within the academic schedule.
