

**Boarding School**

"My daughter went to high school at Leman and just graduated. She was surrounded by friends from all over the world, excellent teachers who helped her get through the IB program, and a very supportive community. The college counselors were excellent during the college application process. I cannot recommend Leman highly enough!"

- Parent.

## Academic Excellence

Léman Manhattan Preparatory School delivers a rigorous college-preparatory curriculum centered on the International Baccalaureate program. Students develop advanced research, analytical writing, and critical thinking skills across sciences, humanities, mathematics, and the arts. The school emphasizes small class sizes and close academic advising, supporting individual progress and university readiness. Faculty members hold advanced degrees and guide students through challenging coursework and independent projects. Graduates consistently gain admission to highly selective universities in the United States and abroad. Léman's academic model balances intellectual rigor with global perspectives, preparing students for success in competitive higher education environments.

## Student Accomplishments

- Graduates admitted to multiple Ivy League and top 50 US universities
- Strong outcomes in IB coursework and final assessments.

## Campus Facilities

Léman's urban campus features modern academic and creative spaces designed for intensive study and performance. Facilities include a library, science laboratories, art and music studios, computer labs, and a professional theater. Students also have access to athletic facilities such as a swimming pool, fitness center, and gymnasium. The campus supports both academic and artistic exploration, integrating technology and collaborative learning spaces suited to a metropolitan environment.

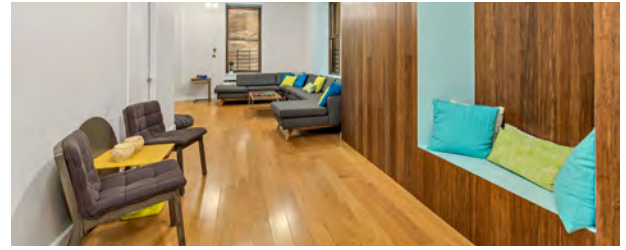

## Residential Life

Léman offers a full boarding program for international students, with residence apartments located in Manhattan within walking distance of the school. Students live in shared apartments accommodating two to four students, each equipped with kitchens, bathrooms, study areas, and Wi-Fi. Residential life is supervised 24/7, providing a safe and structured living environment while allowing students to experience daily life in New York City.

## Athletics and Arts

Athletics at Léman emphasize participation and skill development through seasonal competitive teams. Students compete at local and regional levels while balancing academic commitments.

The arts program supports creative development through structured coursework and extracurricular activities. Students engage in both visual and performing arts as part of their academic and co-curricular experience.
