

The Institut Saint-Dominique celebrated its 150th anniversary in 2012 and the end of its expansion in 2014. Saint Dominique has a coherent and solid educational team essential to the success of the school.

Its educational mission is based on goodwill and a high level of requirement and expectations. School guidelines revolve around the acquisition of knowledge, personal growth and spiritual awakening. The small size of the classrooms offers a more individual support and provides a friendly environment.

Many arts, music and sports classes are offered to students in the middle and high school. It is also a high school 4.0 where books are digital and provided by the Great East Region. It also adapts to students for example with vegetarian menus.
