

"My year here pushed me in ways I didn't expect. I joined track, basketball, and softball, and learned how to be more independent. My host family made the experience even better - my favorite memory was our trip to Boise. I'm heading back to Spain now, but I hope to return to the USA someday. I'll take with me the friends I made, the language I improved, and an experience that changed how I see myself."
 Claudia from Spain

Public School

American Falls High School

Idaho

American Falls High School is a public co-educational high school in southeastern Idaho, offering AP courses, dual enrollment, CTE pathways, and strong athletics and arts. Campus Facilities

The campus includes modern classrooms, science and technology spaces, art and music rooms, and a large performing arts center supporting theater, music, and dance. Students have access to athletic facilities for team sports and physical education, along with shared commons and learning areas. The school's location provides easy access to outdoor recreation, integrating academics with experiential learning opportunities throughout the year.

Athletics and Arts

Athletics are an important part of student life, with seasonal competition and strong school participation. Teams compete at the state level and emphasize teamwork, commitment, and school spirit.

The arts program is supported by dedicated performance and studio spaces. Students may explore music, visual arts, and performance through both curricular and extracurricular offerings.
