SPRINGDALE PREPARATORY SCHOOL WASHINGTON, D.C. closest airport: IAD or BWI

SCHOOL PROFILE

Springdale blends the unique perspective of its multicultural student body with a highly respected history for graduating curious, creative critical thinkers who are simultaneously nurtured and challenged to become global citizens of our ever-changing world. Springdale offers an IB program and advanced college and career counseling.

FACILITIES

Founded in 2016, Springdale Prep is a modern, 51 acre 2-campus school with state-of-the-art facilities including a Virtual Reality Lab, Robotics Lab, a brand new 1000 sq. ft. Greenhouse, and a media center. The school is situated in a rural part of the area, so fresh air is always refreshingly available. With a low student to teacher ratio, classrooms are kept clean and not crowded, allowing for focus and 1-1 attention.

SPORTS AND ARTS

At Springdale, the objective of athletic competition is not just to emerge victorious, but to recognize and instill the many core values developed through participation. An athletic trainer is at every home and away game to care for the athletes in case of injury. They have an impressive E-Sports team, who was even featured in the local news!

AWARDS AND ACCOMPLISHMENTS

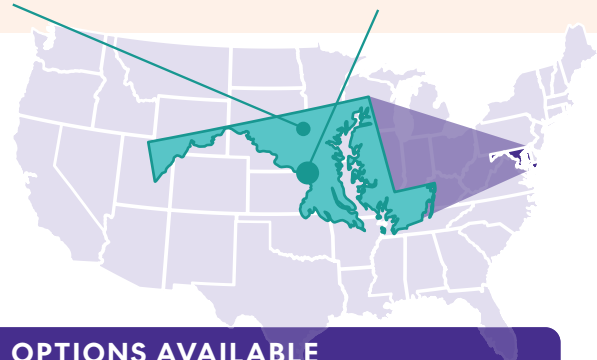

Springdale is accredited by Middle States Commission on Elementary and Secondary Schools (MSACESS) and National Independent Private Schools Association (NIPSA). They also hold an A rating on Niche.com.

COMMUNITY AND DORMITORY INFORMATION

Residential students live in two dormitories on our upper campus: one housing the female students, and the other housing the male. Each building has overnight monitoring and dorm parents living on-site, key card access, and alarms to ensure the safety of the students. Students have designated study times each evening, as well as planned social activities. On the weekends, residential staff plan activities, trips, and events that will allow students to explore and experience much of what the region has to offer. All dorm rooms include a bed, dresser, desk, and chair per student. Accommodations range from two to four students per room, depending on room sizes. Each room includes a private bathroom.

UNIVERSITY ACCEPTANCE RATE 99%
